

*Love Life,
Love Learning,
Grow in Faith*

Imagine a special place for us to explore ourselves and the world that we live in. A school created by a family of caring highly skilled professionals who: love life and learning; are committed to every individual recognising that they are uniquely blessed with many gifts and to each person achieving personal fulfilment.

Sense the buzz of excitement in learning, sharing, being challenged and in succeeding. Listen to the laughter and the voices that care, help and praise one another. Walk around different activities, projects and special events that involve the school family, the church family and the wider community. Watch children play, sing, dance, paint, throw, investigate, reflect, solve, read, compose, discuss, explore..... Experience a creative and innovative teaching environment enriched and enhanced by the latest technology.

Enjoy the energy and vitality with which children work in pairs, teams and alone. Experience the infectious spirit and excitement of children as they discover, understand and grow - developing an appetite for learning. Look at how well they communicate and tackle problems. Notice how they become more independent, take more initiative and have the confidence to take risks. Be enthused by their developing sense of self as they are empowered through their learning. Marvel at the high level of achievement. Feel the warmth of God's love and the presence of God's spirit in all that is done - big and small.

This is our school: A place where everyone is special; a place to encounter God; a celebration of life and learning and a centre for new beginnings, built on strong foundations.

Our School
